Sequence and load routes efficiently, enhancing profitability

Constraints Auto Optimize

Automate route/job planning down to a few clicks, reducing vehicle usage & KM's

Dynamic Allocations

Dispatch new orders/jobs efficiently, adhering to constraints in real-time

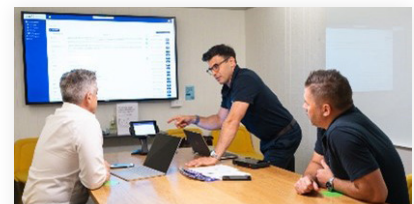

Predictive Route Planning

Proactively manage journey distances and estimated times of arrival

Customer Experience

Automated, sms/email arrival times, live driver tracking & instant proof of delivery

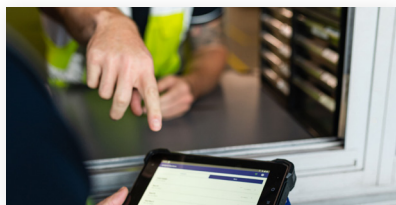

Customer Service

Improve and measure service by capturing real-time feedback ratings from your customers

Driver App

Digitise prestart, run sheets, barcode scanning, navigation, load management, signatures & photos

Carbon Reporting

Measure emissions and reduce carbon footprint through route optimisation

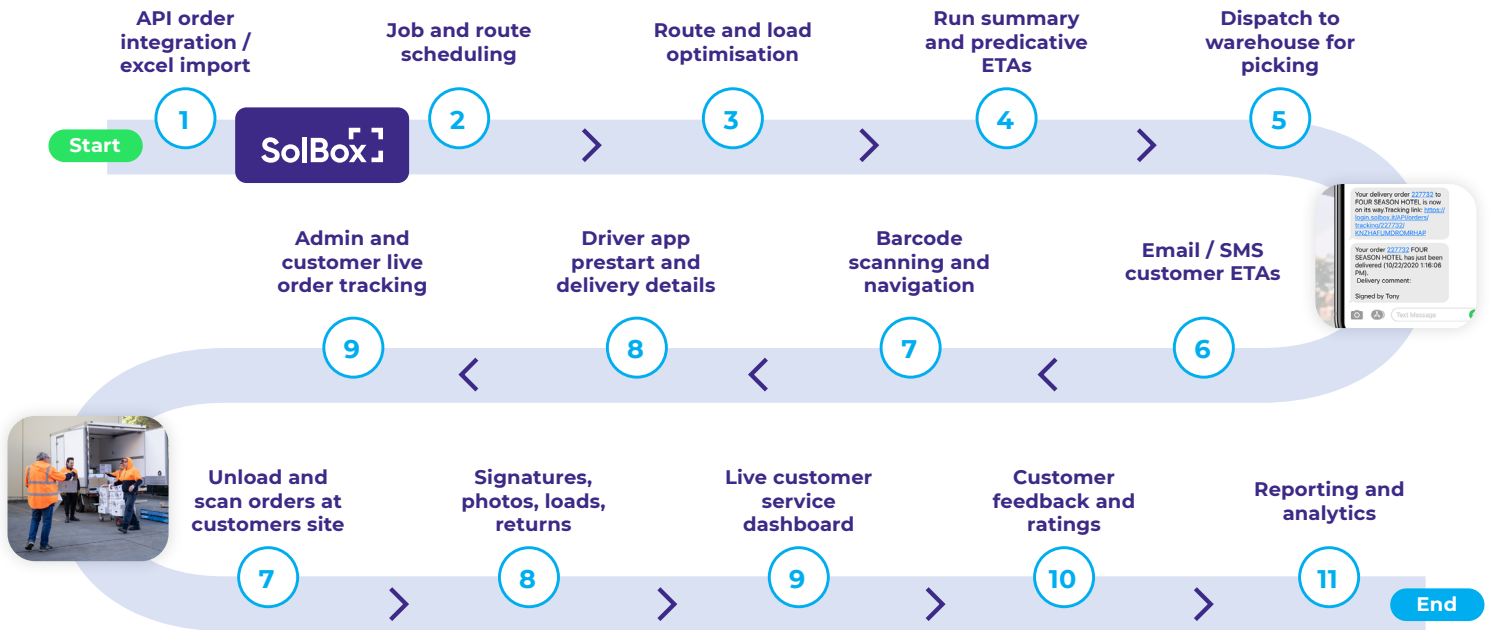

Reporting & Analytics

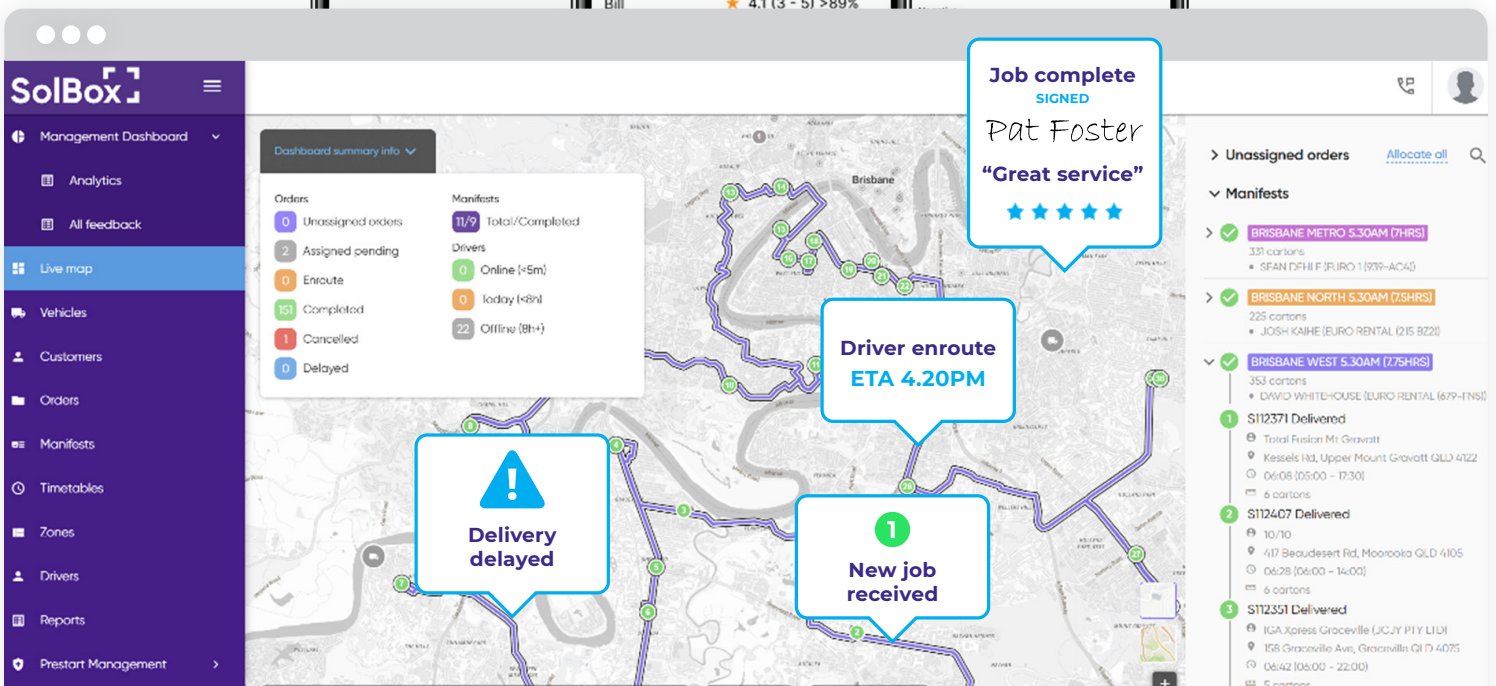

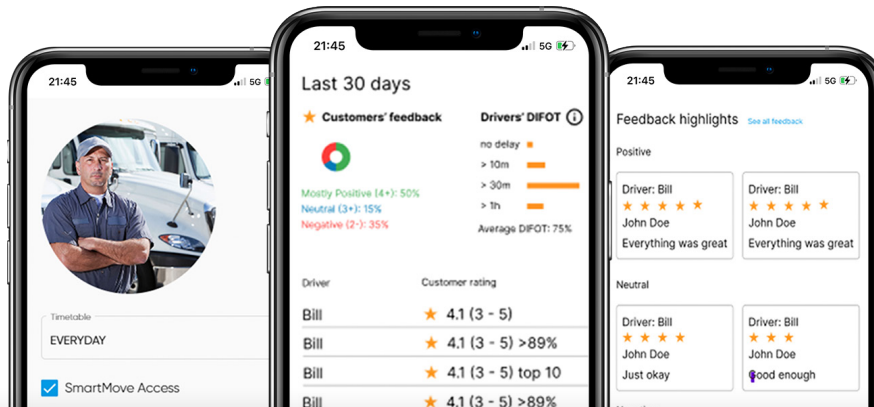

A system of record to view live and historic data to empower your people to grow your business

Our Capabilities: Food Service

PRODUCT USER EXPERIENCE

Boost efficiency, scale your operations

OUR CUSTOMERS

VIC's Meat

"There is no question, I would recommend SolBox as a last-mile delivery solution to any business. They are great to deal with, customer focused, and put simply, they are experts in what they do."

Anthony Puharich – Director, Vic's Meats

SMEG Australia

"SolBox has helped Smeg Australia transform its last-mile delivery process by automating manual procedures and enhancing our customer experience. We now offer our clients predictive ETAs and real-time proof of delivery, this saves hours every day."

Daniel Brander – General Manager, Smeg Australia

GetFish

"By using the SolBox delivery system we improved productivity by 70%, which allowed us to complete 50% more orders daily and provide our customers with real-time order tracking and live dynamic ETA's which significantly reduced customer service calls."

Antonio Muollo – Director, GetFish

Simotas Distributors

"The SolBox platform has helped our business stay in control of our fleet day to day and manage compliance with our HACCP accreditation. We would recommend the SolBox platform to other wholesale distributors."

Chris Gialouris – Director, Simotas Distributors

All Day Delivery Service

"SolBox has been a great addition to my business, it has allowed us to grow through winning new contracts and offer our customers the right technology and service that we pride ourselves on."

Adam Ornowski – Director, All Day Delivery Service
